Detailed Rationale

CRISIL Ratings has upgraded its rating on the perpetual bonds of Muthoot Fincorp Limited (MFL; flagship company of the Muthoot Pappachan group [MPG]) to 'CRISIL A+/Stable' from 'CRISIL A/Stable'. CRISIL Ratings has also assigned its 'CRISIL AA-/CRISIL A+/Stable' rating to Rs.50 crore subordinated debt and Rs.100 crore perpetual bonds of MFL. The rating on other debt instruments and bank facilities of MFL has been reaffirmed at 'CRISIL AA-/Stable/CRISIL A1+'.

The upgrade in the rating of perpetual bonds primarily factors in the higher buffer in capital adequacy above the regulatory requirement maintained by MFL in recent years. Over the past 3 years, tier 1 and overall capital adequacy has improved on account of steady accruals from business. The company's tier-1 ratio and overall CRAR stood at 15.6% and 18.9% respectively on June 30, 2024, as compared to 12.1% and 16.9% respectively as on March 31, 2021. Further, the company has maintained tier 1 and overall capital adequacy at above 14.7% and 19.4% respectively over the last 3 financial years. CRISIL Ratings expects the company to continue to maintain comfortable cushion in its capital adequacy (over regulatory minimum) over the medium term.

The ratings continue to reflect the healthy performance and strong market position of MFL in the core gold loan portfolio, as indicated by steady growth in its assets under management (AUM); and sound asset quality. The ratings are further supported by promoters' extensive experience in the loanagainst-gold jewellery business, established market position in the gold Financing business, and diversified product profile of MPG. These strengths are partially offset by geographical concentration in portfolio and potential challenges associated with the non-gold loan segments.

Gold loan portfolio accounted for around 54% of the group's overall AUM as on June 30, 2024, and stood at Rs 22,772 crore (including co-lending of Rs 2,354 crore). Out of the remaining 46% non-gold portfolio, microfinance business accounted for majority i.e. 29% and Rs 12,210 crore AUM as on June 30, 2024, while the AUM of vehicle and housing finance stood at 5% each and Rs 2,179 crore and Rs 2,157 crore, respectively.

As far as gold loan portfolio is concerned, CRISIL Ratings has taken note of the recent news concerning disbursal of loans in cash by non-banking financial companies (NBFCs) engaged in the gold loan business. During Q1 of fiscal 2025, the company has smoothly transitioned to digital channels due to its existing infrastructure and technology, which already supported online disbursements for larger loan amounts. . CRISIL Ratings, however, will continue to monitor the impact of the guidelines on the growth in gold loan portfolio of MPG group.

Capital position has been supported by the internal accruals and the recent capital infusion in the microfinance subsidiary during December 2023 through an IPO with fresh equity of Rs 760 crore and Rs 200 crore through offer for sale. Consequently, consolidated networth increased to Rs 6,570 crore in fiscal 2024 from Rs 4,904 crore (adjusted for real estate and cash) in fiscal 2023. Moreover, consolidated gearing stood at ~5 times as on March 31, 2024, from 5.7 times (adjusted for real estate and cash) as on March 31, 2023. During Q1 of fiscal 2024, the standalone PAT of MFL stood at Rs 181 crore translating into ROMA of 2.5% (one of its highest since last 4-5 years

Analytical Approach

For arriving at the ratings, CRISIL Ratings has combined the business and financial risk profiles of MFL (engaged in financing against gold jewellery, and financing micro and small and medium enterprises [MSMEs]), Muthoot Microfin Ltd (MML; microfinance), Muthoot Capital Services Ltd (MCSL; two-wheeler finance and MSME loans), and Muthoot Housing Finance Company Ltd (MHFCL; housing finance). This is because all these companies, collectively referred to as MPG, have significant financial, managerial and operational linkages. MML and MHFCL are subsidiaries of MFL while the promoters hold a 62.5% stake in MCSL.

The rating on the perpetual debt instruments reflects the subordinated nature of instruments and factors in the extent of comfortable buffer consistently maintained by MFL over the regulatory capital adequacy requirements and adequate financial flexibility. The ratings on the perpetual bonds additionally takes into account restriction to MFL from servicing these instruments if it breaches the minimum regulatory capital requirement, or if the regulator denies permission to the company to make payments of interest and principal, if it reports losses.

Key Rating Drivers & Detailed Description

Strengths:

Established market position in gold financing, supported by the extensive experience of the promoters

MFL has an established market position in gold financing. The promoters have spent over seven decades in lending against gold jewellery. Over the years, the group has established a strong reputation and brand in South India and has an appropriate assessment and underwriting methodology. Gold loan business registered a steady 2.3% compound annual growth rate over fiscals 2021-2024, despite increase in competition from banks. The company's gold loan AUM stood at Rs 22,772 crore as of June 2024 in comparison to Rs 20,484 crore in the fiscal 2024. The total gold holding stood at around 48.2 tonnes as on March 31, 2024 (48.09 tonnes as on March 31, 2023). As far as disbursements are concerned, company maintained average monthly disbursement rate of close to Rs 4951 crore during Q1 of fiscal 2025 (as against Rs 3931 crore during fiscal 2024). The AUM per branch accordingly has improved to around Rs 6.2 crore as on March 31, 2024, against ~Rs 4.4 crore in fiscal 2020.

Diversified product profile of the MPG

The MPG has diversified its product profile over the past few years. Currently, the group operates in five major segments: loan against gold jewellery, two-wheeler finance, microfinance, housing finance and small business loans. Overall managed AUM of the group was around Rs 42,378 crore as on June 30, 2024 (Rs 39,170 crore as on March 31, 2024). The proportion of gold loans remained high at 54% in June 2024. The microfinance portfolio is the second-largest with around 29% of the group's overall portfolio as on June 30, 2024. CRISIL Ratings believes that the gold loans will continue to hold the largest share in the consolidated AUM over the medium term.

Improvement in capitalisation with the recent infusion

Networth at standalone level stood at Rs 4,875 crore (including CCCPS) as on June 30, 2024, against Rs 4,423 crore as on March 31, 2024. Capitalisation is further supported by low asset-side risks (security of gold jewellery, which is liquid and in the lender's possession). On a consolidated level, networth stood at Rs 6,570 crore (including CCCPS) as on March 31, 2024, against Rs 4,904 crore (adjusted for real estate and cash) as on March 31, 2023, which was bolstered by recent capital infusion in the microfinance subsidiary during December 2023 through an IPO with fresh equity of Rs 760 crore and Rs 200 crore through offer for sale. Moreover, gearing at the standalone level stood at 4.2 times as on June 2024 as compared to 4.5 times in fiscal 2024 and at consolidated level improved to ~5 times in fiscal 2024 as compared to 5.8 (adjusted for real estate and cash) times in fiscal 2023. The management is expected to maintain gearing at the current level over the medium term. Any material increase in gearing beyond current thresholds will be a key rating sensitivity factor.

Healthy asset quality in the gold loan segment to support overall group asset quality

Gross non-performing assets (GNPAs) for MFL stood at 1.5% as of June 2024 against 1.6% in March 2024. Furthermore, there is negligible impact of the Reserve Bank of India (RBI) clarification released in November 2021 on the NPAs as gold loans are demand loans where the interest and principal are due for payment at the end of the tenure. Nevertheless, during the last 6-8 quarters, the company steadily commenced lending to the MSME, retail outlets and has also been offering LAP loans to salaried customers (against collateral of property). The non-gold portfolio stood at Rs 3,060 crore as of June 30, 2024, and the company is planning to steadily expand the same. MFL is doing regular auctions of gold loans, which would help in reducing GNPA below 2% in gold loans. In the gold loan segment, the company has maintained healthy asset quality over the years, backed by strong collection efficiency. Asset quality, as measured by credit costs, has also been under control (within 0.5%) during this period for gold loans. In fiscal 2024, credit cost stood at 0.1%. After the second wave of Covid, the company has been doing regular auctions since June 2021. Furthermore, company is focusing on short-tenure (less than 12 months) gold loan product which should help MFL to de-risk the portfolio from any sharp movements in gold prices in the near term.

Improving earnings profile

Profitability, both at consolidated and standalone level, has seen substantial improvement during last 1-2 years. On a standalone basis, RoMA improved to 2.5% during Q1 of fiscal 2025 (one of its highest since last 4-5 years) as against 2.1% during fiscal 2024 (1.9% during fiscal 2023). If we adjust for cash and cash equivalents, profitability improves to 2.6% in Q1 of fiscal 2025. The company has maintained its focus on regular interest collections in its gold loan portfolio in order avoid for any higher delinquencies and reduce loss, if any, post auctions. On a consolidated level, the earnings profile benefitted from improvement in its key businesses i.e. microfinance and vehicle finance. RoMA, at group level, improved to 2.8% in fiscal 2024 from 2.0% in fiscal 2023. The profitability in the microfinance portfolio, in particular, has improved substantially owing to steady growth and limited asset quality challenges faced during last 4-6 quarters. The RoMA within microfinance stood at 3.6% during fiscal 2024 as against 1.8% during fiscal 2023. As far as vehicle finance segment is concerned (which is housed in MCSL), it had been carrying a huge provision buffer of Rs 393 crore (18.7% of the on-book portfolio as of March 2023). Of this Rs 139 crore was written back during fiscal 2024 as against 3.5% during fiscal 2023. Nevertheless, given decent portion of group is towards unsecured segment, its ability to maintain on credit costs and thereby keep improving on its earnings profile will remain key monitorable.

Weakness:

Geographical concentration in portfolio

High geographical concentration persists, with South India accounted for around 55% of the gold loan portfolio as on June 30, 2024, though it improved from 70% as on March 31, 2019. This was achieved by increase in per branch business from branches other than those in southern India; opening of new branches in North, East and South; and closure or merger of non-viable branches in South India. While concentration has been declining, it is higher than that of peers. Presently, since demand for gold loans has been high in the region, the proportion of AUM from the South may not decline further in subsequent fiscals.

Potential challenges associated with the non-gold loan segments

The non-gold segments accounted for 48% of the overall portfolio as on March 31, 2024. While MPG has managed to grow these businesses and increase the segmental share over the last 2-3 years, potential challenges linked to seasoning of the loan book and asset quality remain. In fiscal 2024, microfinance and housing finance portfolios registered a double-digit growth of 33% and 36%, respectively, while vehicle loan portfolio degrew by 4%. However, asset quality in both the microfinance and vehicle finance segments has improved. The 90+ dpd (days past due) for MML stood at 4.3% as of March 2024 (5.1% as on March 31, 2023). The GNPA in case of MCSL stood at 10.2% (20.55% as on March 31, 2023) against 25.9% as on March 31, 2022. The 90+ dpd for MHFCL stood at 0.78% as on March 31, 2024 (0.8% as on March 31, 2023). Nevertheless, CRISIL Ratings will continue to closely monitor the delinquency trend and collection efficiencies in the non-gold loan segments over the medium term. Additionally, sufficiency of capital buffers to withstand asset-side shocks remains a key rating sensitivity factor.

Liquidity: Strong

As per the asset liability management statement of June 30, 2024, MFL, on a standalone basis, had cumulative positive gaps in the up to 1 year bucket. As on same date, it had liquidity of Rs 1,540 crore (Rs 1063 crore of cash and equivalent and Rs 477 crore of cash credit [CC]/working capital demand loan [WCDL]). Against this, it had total debt repayment (including operating expense) of Rs 1,328 crore in the next three months. This excludes CC/WCDL limits, which are typically rolled over. CRISIL Ratings notes that MFL has been able to roll over the CC/WCDL limits in the past and also during the previous three months and expects to be able to roll over the balance limits falling due in the coming months.

Average monthly collection stood at around Rs 4,530 crore during the Q1 of fiscal 2025. In terms of additional funding, in Q1 of fiscal 2025, MFL raised Rs 2,160 crore in the form of terms loans and CP. While a larger proportion of borrowing has been sourced as funding lines from banks and financial

Rating Rationale

institutions such as term loans (38.2%) and CC/WCDL (40%), resource profile remained diversified across avenues such as NCDs (14.3%) and subordinated debt (6.9%) as on June 30, 2024.

Outlook: Stable

CRISIL Ratings believes MFL's business risk profile of MFL will continue to be supported by its established market position in the gold loan segment.

Rating Sensitivity Factors Upward Factors

- Improvement in capital position with reduction in adjusted gearing of MFL, resulting in a similar reduction in adjusted gearing at the group level
- Improvement in consolidated profitability with RoMA at over 3% on a steady state basis
- Improvement in asset quality of the non-gold loan segment

Downward Factors

- Deterioration in asset quality with GNPAs increasing and remaining above 5%
- Adjusted gearing at the group level remaining over 8 times
- Deterioration in consolidated profitability with RoMA being less than 2%

About Company and Group

Set up in 1997, MFL is a non-deposit-taking, systemically important NBFC engaged in lending against gold jewellery. The company has diversified into Secured and Unsecured MSME segment. It is the flagship company of the MPG, which has diverse businesses such as hospitality, real estate and power generation. The company also distributes mutual funds and general and life insurance products and operates in the money transfer segment and foreign exchanges through its branches. MFL (on a standalone basis) had an AUM of Rs 22,888 crore. MML had an AUM of Rs 12,194 crore, MCSL had Rs 2,018 crore, and Muthoot Housing had Rs 2,070 crore as on March 31, 2024. The microfinance business accounted for majority i.e. 31%, while the AUM of vehicle and housing finance stood at 5% each.

Rating Rationale

Note for Media: This rating rationale is transmitted to you for the sole purpose of dissemination through your newspaper/magazine/agency. The rating rationale may be used by you in full or in part without changing the meaning or context thereof but with due credit to CRISIL Ratings. However, CRISIL Ratings alone has the sole right of distribution (whether directly or indirectly) of its rationales for consideration or otherwise through any media including websites and portals.

About CRISIL Ratings Limited (A subsidiary of CRISIL Limited, an S&P Global Company)

CRISIL Ratings pioneered the concept of credit rating in India in 1987. With a tradition of independence, analytical rigour and innovation, we set the standards in the credit rating business. We rate the entire range of debt instruments, such as bank loans, certificates of deposit, commercial paper, non-convertible/convertible/partially convertible bonds and debentures, perpetual bonds, bank hybrid capital instruments, asset-backed and mortgage-backed securities, partial guarantees and other structured debt instruments. We have rated over 33,000 large and mid-scale corporates and financial institutions. We have also instituted several innovations in India in the rating business, including ratings for municipal bonds, partially guaranteed instruments and infrastructure investment trusts (InvITs).

CRISIL Ratings Limited ('CRISIL Ratings') is a wholly-owned subsidiary of CRISIL Limited ('CRISIL'). CRISIL Ratings Limited is registered in India as a credit rating agency with the Securities and Exchange Board of India ("SEBI").
